

Norfolk County Angling Action Group

2 November 2011

Chris Oakley
Chairman Norfolk Anglers Conservation Association

This letter is just a simple thank you for supporting the the Norfolk County Angling Action Group's recent Get Back In To programme by providing free use of your Bawburgh Fishery. This scheme was aimed at getting lapsed and potential anglers into the sport by running a series of coached evening sessions commencing on 13 July 2011. It ran for 8 weeks and was part of a multi-sports project being run by Active Norfolk. All coaches gave their time for free and Angling Direct provided bait at no cost. Without support such as yours this programme would have not been able to go ahead and thanks you to a small number of individuals have returned to the sport, and hopefully become new customers of yours.

Your support is greatly appreciated and we have ensured that your contribution has been made known to these potential new members.

Thank you for supporting the development of our fantastic support.

Yours sincerely

Jonathan Wilson
Regional Development Officer – East England
